ACKNOWLEDGEMENTS

The Congress Co-Chairs and the Alternatives Congress Trust would like to express their gratitude to all institutions that are sponsoring the 10th World Congress on Alternatives and Animal Use in the Life Sciences (WC10).

In addition we are indebted to all colleagues serving on the Scientific Committee, the Theme Coordinators, the Program Management Team and to the staff of our congress organizer FASEB, since without their continuous support we would not have been able to create an attractive scientific and social WC10 program.
